FIRST

It is the student's responsibility to check the "Graduation Requirements" tab on Skyward and make sure that you are registering for courses from all the different graduation requirement areas. Do this step first! Planning to apply to 4-year colleges after high school? Please review the course work for the minimum college admission distribution requirements, which are listed in the MTHS Course Catalog. ex. 1.0 Fine Art, 2-3 years of World Language, Math or Math Based Science in Sr. Year...

There are 6 periods per semester. Most schedules include the following subjects. Have you selected one of each?

- English
- History
- Math
- Science
- Elective
- Elective

Are you planning to enroll in a program outside of MTHS next year? You should plan to enter a full schedule of MTHS courses now, and once accepted into those programs (Intra District, Sno Isle, Running Start) your schedule will be adjusted accordingly. Current running start students enroll in only the classes they will take at the high school
